## Squirrels Attack Eastwood Park Kids

In February, 1915, the first residents of Riverside Park, now Roosevelt Park, arrived. They were twelve fox squirrels and twelve gray squirrels. The squirrels cost the park board \$49.70. The squirrels, along with the rabbits, raccoons, pheasants and guinea pigs, were a big attraction at the zoo.

Twenty years later, on August 1, 1935, a gray squirrel attacked nine-year-old Margaret Beaton who lived on 1st Avenue SE. She was not bitten, just scratched. Two days later, on August 3, the gray squirrel attacked six-year-old Beverly Maxine Mellberg, daughter of Mr. and Mrs. A.W. Mellberg, 112 9th Street SE.

As the squirrel bit and scratched her lip and arms, Beverly screamed. Ole Rud, a driver for Minot Creamery, heard her and came to her aid. George Foster, who was trimming trees on the boulevard of Dr. N.B. Livingston, also came running. Rud knocked the animal off Beverly's head. The squirrel tried to jump onto Foster but, instead, was killed by him.

Today, seventy-eight years after the squirrels arrived at the zoo, we still have very active and very bold squirrels living here in Eastwood Park.

*Note: we would like to thank Mary Janicki for the interesting squirrel article she found in the Minot Daily News from August 3, 1935.*

## Letter To The Editor

I have thoroughly enjoyed every one of your newsletters this past year. Keep up the good work -- all of you.

Thank you for saving and recording a part of Minot's history. My dream is to have the walk bridge into Roosevelt park put back and restored. If there's anything I can do to help with that, please don't hesitate to let me know. That was the most beautiful way to enter the park.

Thank you again for all your efforts. I look forward to reading the Eastwood Park Reporter! -- Linda Johnson, Muskegon, MI.
